Preseason Sports Photography

We shoot pre-season sports, both teams and/or individual Portraits. We can help your league look it's best and earn cash back with our professional photography services. We can come to the location(s) of your choosing or you are welcome to have your shoot done with some of our professionally chosen locations throughout the Kentuckiana area. Contact us today for your league quote and to discuss how our fund raising program can work for you.

www.PicturedEvents.com

Photos can also be viewed and purchased on our website 1 to 2 days after the event. (Depending on the location of the event) So even the relatives from across the country can share in the excitement of the action during the games!

Use our services to enhance any planned event including but not limited to:

Tournaments
All Star Play Games
Competition
Normal League Play
Racing

Car Shows
Sporting Events of all Types
Art Events
Scout Camps
Motocross

Event Photography

Action photography is one of the newest and hottest things to hit the youth sports industry in years and Pictured Events is ready to record and print all the emotion, excitement and thrills that come with playing the game.

With our "On site printing" services we capture all the excitement using the latest equipment to get in on the action and the latest in digital technology for fast and flexible printing!

Parents and players can view the photos immediately during and after the game! We can print on site, so customers can take their photos home the very same day of the game, complete with custom borders and/or game and player stats.
